

25 years

Australia's leader in designing and fabricating the **highest quality** inflatable products available on the continent.

## basketball inflatables

Giant Inflatables has worked with Australia's top basketball and netball clubs, associations and teams for over 25 years. Our rugged, commercial-grade sports inflatables are designed to provide years of fan engagement, skills development and brand activation year-round, indoors and out.

## ABOUT US

For over 25 years, we have worked with national and international brands, Australia's most prominent sporting organizations and are an accredited supplier to the AFL.

As your inflatable partner, we'll work with you through all aspects of your project, starting with a collaborative design process through the final activation.

Our products are fail-proof, safe and certified to stringent Australian standards.

We provide you with an easy-to-follow operational and safety manual and relevant Australian compliance certificates.

We pride ourselves in our long-term relationships with our clients and look forward to working with you.

## Each inflatable purchase includes:

- ✓ Operation and safety check manual
- ✓ Necessary inflation equipment
- ✓ Easy pack, carry and storage bag
- ✓ Emergency patching kit
- ✓ Tethering ropes
- ✓ Certificate of Compliance

## Printing and branding

We employ the latest printing technologies and Pantone colour matching to ensure your inflatable exudes the quality your brand deserves. We'll work with you to decide which process is most appropriate based on your marketing needs, where you intend to use your inflatable game, and your budget.

We digitally print all banners and can integrate a velcro branding system into the structure to accommodate re-branding for sponsorship changes.

## Ballast rental and delivery

The team at Giant Inflatables has a network of ballast rental agencies throughout Australia to ensure you have the weights you need, delivered to your event.

## Set-up and bump-out services

If you don't have the time, transportation, or human resources to set up the inflatable properly before the event, Giant Inflatables offer our clients a complete Australia-wide setup and bump-out service.

We will pick up your giant inflatable from yours or our storage facility, deliver it to the event, set it up and ensure it is in perfect working order. Once your team has arrived, everything will be ready to greet your sports fans and young athletes.

Our team will show up at the end of the event to deflate your giant inflatable, pack it correctly and deliver it back to your or our storage facility, ready for the next event.
